The screenshot shows a Microsoft Access window titled "Microsoft Access - [FrmMainLookupSourceSMT96 : Form]". The menu bar includes File, Edit, View, Insert, Format, Records, Tools, Window, Help, and Adobe PDF. The toolbar shows various icons for text formatting and database operations. The form has a label "SiteManager to Test96 Code:" followed by a dropdown menu currently displaying "HMA3287". To the right of the dropdown is a "Close" button. Below this is a label "Test96 Code:" followed by a table. The table has two columns: "Test96" and "PdoxSourceDes". The first row of data shows "3287" in the "Test96" column and "ROGERS GROUP, INC." in the "PdoxSourceDes" column. At the bottom of the form is a record navigation bar showing "Record: 1 of 1".

Test96	PdoxSourceDes
3287	ROGERS GROUP, INC.

In the **SiteManager to Test96 Code** box you can either type or scroll to find the SiteManager material code after you have found the appropriate source code tab out of the **SiteManager to Test96 Code** box. The appropriate **Test96** source code and material name will display in the lower window.

When you are finished click the **Close** Button.

To find the source code going from **TESTS96/CRA** to SiteManager material codes click **Tests96 Code to SiteManager** button.
